

Now, we are proud to say that SPCC is the third biggest bilateral chamber of commerce in Poland with over 400 Members.

In 2019 the Scandinavian-Polish Chamber of Commerce is celebrating its 15th Anniversary.

SPCC

RëVUEW

It was in 2004 when four Nordic business clubs in Poland decided to join forces and create one strong organization serving as a platform for developing Scandinavian-Polish business cooperation.

2018

Thank you to our Members for being a vital part of our development. We are looking forward for another fruitful year of serving as a voice of Scandinavian businesses in Poland and we assure you that the Chamber will continue to assist you and fulfill your expectations.

SPCC VISION

Be The Centre for networking, inspiration, knowledge and support of Scandinavian-Polish business interests.

SPCC MISSION

Add value to member companies' business interests in Poland by providing quality services, by representing their views and interests and by operating as a networking platform for members and other stakeholders.
